### FUNERAL THIS MORNING

The funeral of Mr. Basil Anderson Dunn, of Lexington, whose death was noted in Thursday's paper, was held from the St. Patrick's Catholic church

morning at 9 o'clock. Interment in the Washington cemetery. The body was brought here yesterday morning from Lexington and taken direct to the home of his aunt, Mrs. John Murray, on East Second street.

The fire department was called out yesterday about 1 o'clock when a defective fuse set fire to the roof of a house belonging to Mr. James Crane, on Sixth street. The fire was extinguished with slight damage.

Mrs. Ben Fleming of Lee street is in receipt of a card from her brother, Sergeant Robert Yazell, who is stationed at Ft. Oglethorpe, Ga., that he is improving slowly from his operation for peritonitis which he under-

went at the base hospital, Fort Oglethorpe, Ga., three weeks ago.

Mr. W. L. Fox of Chicago, Ill., was here yesterday buying horses for the government.

### GERMAN-AMERICAN ALLIANCE TO QUIT

Philadelphia, April 11—The German-American Alliance, which has

been the storm center of Congressional investigation for some time past,

will disband and give the \$30,000 now in the treasury to the Red Cross. This announcement was semi-officially made during a recess late this afternoon following an all-day secret session.

### APPEAL MADE

To Boost Liberty Loan By Mrs. Clarence Lebus and Mrs. Desha Breckinridge at First Presbyterian Church Last Evening.

Mrs. Clarence Lebus and Mrs. Desha Breckinridge, both of Lexington, two of Kentucky's most gifted women speakers, addressed a large audience at the First Presbyterian Church last night on behalf of the third Liberty Loan. The meeting was under the auspices of the Women's Liberty Loan Committee.

The meeting was presided over by Mrs. Sudduth Calhoun with her usual grace and dignity.

Following an invocation by Rev. W. B. Campbell, pastor of the First M. E. Church, South, County Attorney W. H. Rees made a short but very interesting talk concerning the work the women are doing and the purpose of the meeting.

Mrs. Lebus, the first speaker of the evening, was introduced in a few well chosen words by Mrs. Calhoun. Her audience was greatly interested in her address and plea for the purchase of Thrift Stamps, War Savings Stamps and Liberty Bonds.

A most pleasing feature of the evening was a duet sung by Mrs. H. C. Barnes and Mrs. Wallace Rees.

The address of Mrs. Breckinridge on behalf of the third Liberty Loan was most forcefully delivered and carried direct appeal to those present.

The meeting closed with the singing of "The Star Spangled Banner" led by Dr. John Barbour and the choir.

### QUOTA OF VOLUNTEERS FOR SPECIAL WORK IS FILLED

Mason county's quota of three Class 1 men for special war work was completed yesterday. The three young men who volunteered and were accepted are:

Wilson Bell—electrician.

John Moore—electrician.

Henry Newell—chaufeur.

The men will leave Monday for Indianapolis, Ind., to take a special course of work before they leave for France.

Mrs. H. B. Wood has returned from a hospital in Cincinnati, where she has been under medical treatment for injuries suffered in an automobile accident which happened last week.

### BRITISH STAND AT BAY

"With Our Backs to Wall, Every Position Must be Held to the Last Man", Haig Tells Troops.

London, April 12—Field Marshal Sir Douglas Haig, in a special order of the day, addressed to "all ranks of the British army in France and Flanders" says:

"Three weeks ago today the enemy began his terrific attacks against us on a fifty-mile front. His objects are to separate us from the French, to take the Channel ports and to destroy the British army. In spite of throwing already one hundred and six divisions into the battle and enduring the most reckless sacrifice of human life, he has yet made little progress toward his goals. We owe this to the determined fighting and self-sacrifice of our troops. Words fail me to express the admiration which I feel for the splendid resistance offered by all ranks of our army under the most trying circumstances. Many among us now are tired. To those I would say that Victory will belong to the side which holds out the longest. The French army is moving rapidly and in great force to our support. There is no other course open to us but to fight it out. Every position must be held to the last man. There must be no retirement. Without backs to the wall and believing in the justice of our cause, each one of us must fight to the end. The safety of our homes and the freedom of mankind depend upon the conduct of each of us at this critical moment."

Berlin, via London, April 12—"Our victorious troops," says the official report from headquarters this evening, "are progressing through the wide Lys plain, between Armentieres and Merville."

French Are Moving to Aid British London, April 12—Field Marshal Haig's report from headquarters in France tonight, says:

"Strong pressure has been maintained by the enemy all day south and southwest of Bailleul. Constant attacks in great force were made in this area and are continuing."

"Our troops have been pushed back slowly in continuous fighting to positions in the neighborhood of the Bailleul railway, where they are heavily engaged with the enemy."

"Sharp fighting occurred also on other parts of the battle front north of La Basse canal, and the enemy made slight progress between the Lawe and Clarence rivers."

"At other points, our positions have been maintained. On the remainder of the British front the position is unchanged."

"More than 110 German divisions so far have been engaged since the morning of March 21, and more than 40 of these have been thrown into the battle two or three times."

Numerous Prisoners Captured By Yankees

Paris, April 12—German forces launched heavy attacks this morning against the French in the Aisne-En-Santerre sector. The fighting continued throughout the day. Several attacks ended in failure, but finally fresh German troops penetrated Hargard, although the western section of the village was regained by the French, according to the war office announcement tonight.

American and French troops fighting together, repelled a German attack in the Apremont forest.

The Americans captured numerous prisoners.

German Airmen Again Raid Allied Capitals

Paris, April 12—German airplanes attempted a raid on the Paris district tonight. They dropped a few bombs but it is not known whether there are any casualties.

London, April 12—A German aerial raid was made on the east coast of England this evening. One or two of the raiders succeeded in penetrating farther inland.

"The raid is still in progress."

### U. S. MARINES

Landed at Vladivostok and Russians View Situation More Calmly—No Official Notification—But Action Was Not Unexpected by Washington Authorities.

According to a dispatch from Harbin, dated April 5, American marines have landed in Vladivostok with the British and Japanese, and their presence is expected to have a reassuring effect on Russian feelings. Although no official notification has been received in Washington, the step was not unexpected. Petrograd is said to view the situation at Vladivostok more enimly.

No Word Received of the Landing of the American Marines at Vladivostok

Washington, April 12—No word of the landing of American marines at Vladivostok to aid British and Japanese forces already there as told in press dispatches, had reached the State or Navy Departments early to day.

The addition of American forces is expected to reassure Russian government officials, who for a time after the Japanese landed appeared inclined to believe Japan planned an invasion of Siberia. It was believed this would emphasize that the action taken is purely of a local character.

Press dispatches from Moscow have said that Bolshevik officials were not so fearful as at first that the incident would lead to an advance in Siberia.

### \$184,000 SUBSCRIBED

For Liberty Bonds by People of Mason County Up to Last Night—307 Subscribers.

Mason county is making a splendid showing in the first week of the Liberty Loan drive. Up to last night a total of \$184,000 worth of bonds had been sold to 307 subscribers.

The appointment for the county is \$443,400 and if the people subscribe for the bonds for the next three weeks of the drive as well as they have for the past week we will far exceed our quota.

People are beginning to realize that it is necessary to buy bonds in order to successfully prosecute the war and the people of Mason county have responded nobly to every call thus far made.

We can not all go over there to fight but we can buy bonds in order to send guns, ammunition, food and clothing to those who are fighting for us.

When you buy a Liberty Bond you are not giving one cent. You are merely lending your money to Uncle Sam at 4 1/4 per cent. interest, which is more than most people are now getting for their money.

### MRS. ALICE H. EVANS

Wife of Rev. Joseph M. Evans, Dies at Home of Her Daughter in Houston, Texas.

A telegram received here this morning announced the death of Mrs. Alice Humphreys Evans, wife of the Rev. Joseph M. Evans, who was a resident of this city for a number of years and left several months ago for Houston to spend their declining years with their two children residing there.

Deceased was born in Fleming county on October 27, 1840. She was a daughter of the late Robert Humphreys, former high sheriff of Mason county and also a member of the legislature. Her mother was before her marriage Mrs. Littleton Waters, a relative of the Hon. W. J. Bryan.

She was educated at the Washington High School and was a lady of much culture and refinement. She

will be kindly remembered by many friends for her many Christian works and charitable disposition.

Burial will be made at Houston.

Mr. Henry Newell of Limestone street has volunteered and has been accepted for special work by the local draft board. He will leave Sunday for Indianapolis, Ind.

Mrs. James B. Wood, who has been

suffering with bronchial trouble for

the past week, is somewhat improved,

which will be good news to her many friends.

### USE OF POTATOES

Instead of Flour as Much as Possible is Urged by Food Administration.

Although Potato Week is almost over the Food Administration hopes that people will realize that the substitution of potatoes for bread is a great help to the allied cause and will continue to use potatoes instead of bread as much as possible. In this regard County Food Administrator W. D. Cochran yesterday issued the following statement:

Maysville, Ky., April 12, 1918.

The following telegram was issued from Washington on April 10th:

"Washington, D. C., April 10. Sackett, Food Adm., Louisville, Ky.

That the food value of the present large available supply of potatoes may not be lost, and that it may be utilized to relieve the strain on our fast diminishing stock of wheat which is so much needed by our army and navy and the allies I hope you will do everything possible to promote the potato campaign we have recently asked you to launch in your State.

HERBERT HOOVER."

The households in the county are urged to respond to this suggestion of Mr. Hoover, by increasing as much as possible the use of potatoes.

W. D. COCHRAN, Food Administrator of Mason County.

The towboat J. T. Hatfield was compelled to tie up at Pt. Pleasant for lack of labor. She has a tow of coal for Maysville and Aberdeen merchants, and there is no telling when she will get here with the fuel.

### AMERICA, AWAKE!

It is almost impossible for us to conceive of a nation of seventy-six millions of people every individual a part of a perfected War Machine. But though war is Germany's chief industry, trenchery is her supremest art.

A back fire has been built in every enemy country, in every neutral country. The Teuton is a fire worshipper and Arson is his God. Russia was betrayed and assassinated from within and behind even before her millions were sent to a prepared slaughter. Rumania was betrayed from within and from behind by those who masqueraded as her friends. Greece was humiliated from behind. France sleeps uneasily because a masked foe is in her bed chamber. England dare not turn her back upon the allies of William, the homicidal maniac, those alleged friends of Ireland who stoned our sailors in the streets of Cork. Even before the war Italy swarmed with the crawling insectivores of German spies.

And do we escape? Are we in peril, deadly peril? We no sooner put out one blaze than another is started. Millions in property values, priceless quantities of food stuffs for a starving world, destroyed many lives lost and more threatened; and, worse than all, the physical and material calamity, the sources of our courage and our righteous wrath, are undermined, asphyxiated.

Let us be frank and look the situation in the face. Our soldiers are eager, our youth unsupplied and willing to die to make the world a fit place to live in. What can WE do who are too old, or unfit, to fight? We can give our money. We have given it and we will to the last cent, if need be. That's the easiest thing we can do. We can send our boys forth with our love and our prayers, and, above all, we must see that they are not betrayed from within and behind. We must take care of those who are building back fires in their rear. We must, without either fear or hate, recognize that millions of foreigners have come to us who have taken all the best we have to give and who return to us only suspicion and hostility. All of German name extraction are not our enemies, thank God, but we must recognize that thousands of them are either actually disloyal or loyal only for the moment. They must stand up and be counted. We must take into account those alleged Irishmen who are the supporters and backers of those who insulted and stoned our sailors in the streets of Cork.

We must obliterate societies of organized crime like the I. W. W. We must drive out of public office and public life those who, like La Follette, weep over the restriction of free-speech and are dry-eyed over the assassination of our women and children. We must not be afraid to recognize and grapple with those false patriots who own and control great newspapers, and who use those great powers to stab in the back those who fight alongside our boys in the trenches; whose voice is the voice of America but whose hands are the hands of the Hohenzollern.

We must Americanize those foreign anarchists who love all mankind but hate their neighbors, who love internationalism but who would bring down our country to the driving mad-house chaos to which they are driving poor bewildered Russia.

Our boys in the trenches are not the only ones who must be willing to fight and sacrifice to keep the heritage of our fathers and make the world fit to live in.

### THE CHANCES OF WAR

What should be the proper odds in favor of the success of some great military movement upon which the attacking party must, by putting in all its resources, risk almost as much as it hopes to gain? If we knew what is the German answer to this question we would know more about what is going on in France at the present time.

The most daring of all great military commanders was undoubtedly General Lee. The latter rarely hesitated to strike a great blow if the chances of a great success seemed even or better. Napoleon, on the other hand, laid down the principle that a great attack was only justifiable when the chances for success were as 3 to 2. Later Napoleon reversed this policy and risked his empire on a great stroke at Leipzig, in Germany, in 1813, when the odds were certainly as much as 3 to 2 against him, and he went down to defeat.

It seems improbable that, with the great successes recently scored on the Russian side, the German staff would have launched this great attack unless they had decided that the chances were in favor of its success. The allied commanders thought, in advance of the falling of the blow, that the odds were more than two to one against such a blow succeeding. Now the issue has been committed to the smoke and flame of a great battle, and we will know later more about the chances.

The prosperity of a town is not guarded by the wealth of its inhabitants, but by the uniformity with which they pull together when an important undertaking is to be accomplished. A man with a thousand dollars at his command and a love for his town in his heart can do more for its upholding than the millionaire who looks up his capital and snaps his fingers at home enterprise.

It is safe to say that when that German shell burst within 50 yards of Secretary Newt Baker he hastily revised his estimate with respect to the war being 3,000 miles away.

operate with their civic authorities in an effort to make the Commonwealth of Kentucky fire and disease proof.

On account of our being at war a foreign nation to preserve our institutions and our liberties it behoves us to put forth our every effort for the preservation of 1914. Let us finish and raw materials from destruction by fire, and to do our bit in this great war for the freedom of mankind we must not only buy Liberty Bonds, but we must do all we can to furnish our boys in the trenches with food, clothing, munitions and supplies of all kinds.

Therefore, carelessness and neglect on our part at this time is indeed criminal. Cleanliness is a big factor in the prevention of both fire and disease. Accumulations of dust, rubbish, rags, waste paper, etc., in basements, back yards, and piled against buildings, are always dangerous. Better have the ash heap or rubbish pile in the back yard converted into a garden spot.

#### FIGHT EXPECTED ON THE NEW DRAFT PLAN

Washington, April 11—A fight over the administration's plan to base selective draft quotas on the number of men in class 1 rather than on population, as is done at present was imminent in the House today in the calling up of the Senate resolution providing for the change. Efforts to reach a unanimous agreement in the House Military Committee failed recently, and members decided to thresh out the differences on the floor. Representative Dent, of Alabama, chairman of the committee, and a majority of the members agreed to the administration plan while a minority, led by Representative Shallenberger, of Nebraska, maintained that the quota should be based on the number of registrants in all classes, and also that credit should be given for draft eligibles who have enlisted. It is understood that Provost Marshal General Crowder does not object to the administration plan while a minority, led by John W. Zornes, consisting of 35 agrees for \$200.

A gentleman of Flemingsburg was through this precient the other day serving tax notice due to the recent raise made by the Supervisor's report for Fleming county on real estate. We think that their report was very unwise on lands in this neck of the woods as there is a whole lot of waste land in this precinet. The farmers should protest against it at once.

Local fishermen have been trying out their luck the past few pretty days but nothing doing much.

There will be a pie supper at Wallingford at the D. of A. hall Saturday night, April 30, for the benefit of the order. All are invited to come and aid a pie.

"KINNEY MAC" OUT OF COMMIS-

SION

When answering an alarm of fire on Sixth street yesterday afternoon the "Kinney Mack" fire truck broke down on the Bank street hill just above Fifth street. Luckily the machine was near the scene of the fire when the breakdown occurred. The "Uncle Bob", Maysville's other machine, came to the rescue and will be on duty at Company No. 1 until the "Kinney Mack" is repaired.

## ARE YOUR KIDNEYS WELL?

Many Maysville People Know the Importance of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Well kidneys remove impurities. Weak kidneys allow impurities to multiply.

Kidney III should be negelected. There is possible danger in delay. If you have hacking or urinary troubles,

If you are nervous, dizzy or worn out,

Begin treating your kidneys at once;

Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands.

Proved by Maysville testimony.

W. H. Lynch, shoemaker, E. Third St., says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieved me." (State given January 1912.)

## TROUBLE NEVER RETURNED

On November 14, 1916, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me."

Mr. Lynch is only one of many Maysville people who have grateful endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Lynch had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "Then Your Back is Lame—Remember the Name."

**BEST IN THE LONG RUN**

**A Message from America's Roads**

**SECURE** certainty of service in **Tested Tires**. They give sure service because it is proven service. Their endurance and mileage have been proved in the one way to assure mileage to the motorist, on the car on the road.

Hearken to that 1918 message, the roads of America send American motorists. Last year Goodrich, launching six Test Car Fleets in six widely different regions of our country, took Goodrich Tires, and with light and heavy cars maulled them over sand, gravel and rock roads of plains, deserts and mountains, to try out—

**GOODRICH**  
**TESTED**  **TIRES**

What those tires endured doubled Goodrich's pride in its tires. They fought America's roads through 4,178,744 tire miles. They conquered the roads of America in that phenomenal mileage, those **BLACK SAFETY TREADS** and **SILVERTOWN CORDS**.

Let American motorists listen to this message from America's roads. It means time and money saved them. They get lasting service with the tires that have won the title, "America's Tested Tires."

## OVER 2,000,000 MEN

TO BE CALLED TO THE  
COLORS EARLY IN JUNE

Approximately 2,000,000 to be Under

Training By July—Additional Com-  
mandments Being Rushed to Comple-  
tion—General Pershing Needs Men  
Immediately.

Washington, D. C.—Many thousands of America's young men will be called to the colors early in June. The additional need of troops in France has led the authorities to greatly increase the number of men to be drafted and it is planned to have some 1,500,000 under training by July 1st.

Additional cantonments are being hurriedly constructed, and the War Department is a veritable bee-hive of activity.

Statistics show that at least eighty per cent of the rejections in both the army and navy are caused by lack of a proper amount of iron in the system, and a high medical authority

has stated that many such rejections may be prevented by the timely use of an assimilable, purely organic iron.

Thus to build up the entire system of the future soldier.

By so doing, he will greatly enrich his blood, create new tissue, increase his appetite, gain weight, stamina and strength and thus improve his condition in general.

Modern food and the sedentary habits of the average man have done much to undermine his constitution, owing to a lack of the proper consumption of iron.

Great care must be used, however, in the use of iron, as the ordinary crude forms of this remedy will darken the teeth, are unassimilable and indigestible and, therefore, do more harm than good.

A purely organic iron is easily absorbed by the system and will work marvels in the case of weakened constitutions in general.

With thousands of testimonials from all parts of the country and from many soldiers in particular, the manufacturers of A-L-M unhesitatingly guarantee this remedy to be thoroughly soluble, assimilable and digestible, and will promptly refund its trifling cost if it fails to benefit in every particular.

This remedy has been on the market for over thirty years, and is on sale by all leading druggists everywhere. It is a natural mineral product, and is absolutely harmless.

Those whose weight is normal, but who merely are anemic, or lack bodily vigor, should eat sparingly of all starchy or fattening foods while taking this tonic.

THE FARMER'S CHANCE IS COM-  
ING

Why shouldn't the farmers of the country take the bull by the horns in next Liberty Loan campaign and demonstrate through their own efforts that they are not the slackers they have been variously charged with being in the last two drives? They might do this just as easily as not.

There are something near 275,000

farmers in Ohio. In 1910 they numbered 272,045, of whom 192,104 were

owners, 2753 managers and 77,188 tenant farmers. And they handled an aggregate of 19,227,969 acres worth, including stock and improvements.

\$1,902,695,000.

They have their associations, the same as other lines of endeavor, chief among these is the Ohio State Grange, with an aggregate membership in excess of 71,000 representing something more than 700 sub-granges, and covering every county in the state. Probably forty percent of them are affiliated with some organization of this sort.

If they would simply go into this thing whole-heartedly, coached and assisted by the present Liberty Loan organizations in their different neighborhoods, they could make a showing that would speedily bring the farmer into good standing in the eyes of his countrymen.

There were a number of reasons

during the first two drives, why the farmer did not buy bonds as heavily as he might have done. Reasons that were extenuating.

First of all he has never been a bond buyer. Then he wasn't solicited as his city brother was; the personal touch was lacking in this case, and both periods found him right in the heart of a busy season on the farm. But most of all the farmer believed his money would best serve Uncle Sam if invested in the supplies and farm equipment necessary to insure a bigger crop than ever the last fall.

Now, however, he has realized

that he can buy bonds and help the

farmers of the country will be over-looking a bet if they do not take an active part in the coming Liberty Loan campaign in their own vindication.

GERMANS TRYING TO BLOCK  
LOAN

Lexington, Ky., April 12—Officials

are investigating a plot of German

agents of the Fourth Federal Reserve

district section controlled from Lex-

ington to defeat the Liberty Loan

Farming sections are behind in al-

lentments.

The showing of the big feature picture, "The Garden of Allah," at the Washington Opera House last night was well attended and much enjoyed.

ALL CITIZENS OF PADUCAH ARE  
WARNED IN PLACARDS NOT TO  
SPEAK DISLOYALTY

Paducah, Ky., April 12—Warnings threatening death for disloyal utterances were posted in hundreds of places in this city during the night. The placards advised persons to say what they wanted to but to be sure that their statements were patriotic or their earthly stay would be of short duration. Who put up the warnings had not been ascertained by the police today, but the job was done in such a complete fashion that there was every indication of a strong organization.

The big towboat Exporter passed down this morning with a tow of thirty-four pieces loaded with Kanawha coal for Cincinnati.
